

Concise Index

to

Part I (Spamer Family of Baltimore) and

Part II (Smith Family of the Eastern Shore)

Names

This Concise Index¹ lists only the enumerated individuals in the genealogy and their spouses. In the genealogy, enumerated individuals comprise the direct descendants from the earliest listed person, designated the progenitor, who is enumerated No. 1.

Where the name of a person is followed immediately with a **bold number** (for example, **I:228**), it signifies that the person is one of the direct, enumerated descendants of the genealogy. Each part of the genealogy is enumerated separately. In the example cited here, the individual is No. 228 in Part I (Spamer Family). (Another example is **II:110**, which is No. 110 in Part II [Smith Family].) Within each part, descendants are enumerated consecutively; those who were added after the main list was compiled are inserted with suffixes a, b, c . . . (for example, **II:357a**). The numbers also correspond to the enumerated boxes in the family tree charts for the Spamer and Smith families, which accompany the text. Note that the spouses of enumerated individuals are not numbered since they are not direct descendants of the progenitor.

Where the name of a person is listed in *italics*, it signifies the marriage name of a woman; her maiden name, if known, is added in (*parentheses*). One page number appears with the entry; it serves as a cross-reference to the page on which the woman is indicated to have married, and from that point all essential information about her and her marriage can be followed in the text. To avoid having to look in two (or more) places in the index, due to one or more marriages, all pertinent page numbers about a woman are listed under her *maiden* name. (If a wife's maiden name is not known, she is listed by her married name alone, with further indication as "Mrs.")

Page numbers for collateral family genealogies are added to this Concise Index, but their included individuals will be listed only in the Comprehensive Index. Also note that the surname of a collateral family genealogy may not pertain to all individuals of the same surname listed in this index because the same surname may appear coincidentally in different parts of the genealogy.

Symbols that may be associated with a person's birth or death date are:

- < signifies "before"
- > signifies "after"
- ca. *circa*, or "about"

¹ A **Comprehensive Index**, in preparation, will comprise all names and subjects throughout the text and footnotes of Parts I and II and the Appendices. In addition to the people listed in the Concise Index, the Comprehensive Index will add siblings and parents from the families of spouses; spouses of prior or subsequent marriages, and any children by those marriages; all individuals in the collateral family genealogies; and all other people mentioned in the text or shown in illustrations that have been omitted from this Concise Index. The Comprehensive Index will also include page references to subjects, certain place names, lists of addresses within cities and towns, and occupations, as well as miscellaneous subjects deemed to be of potential genealogical or historical interest.

Page Numbers

Each part of the genealogy is separately paginated. Page numbers in this index are separated between the parts: *Part I*: indicates Part I (Spamer Family of Baltimore); *Part II*: indicates Part II (Smith Family of the Eastern Shore). Some individuals are listed in both parts. The appendices are omitted from this Concise Index because they comprise collateral genealogies; their contents will be a part of the Comprehensive Index.

A page number in bold indicates the principal informational entry for the indicated person; information may range from a single comment to numerous pages.

A page number in italics indicates a photograph of the individual (or an illustration in another medium, such as a painting). Some people are illustrated in more than one part of the genealogy. Although there are numerous illustration pages in the genealogy, depicting many individuals, this Concise Index lists illustrations only for those people who are listed in the index. (The Comprehensive Index now in preparation will include the page numbers of illustrations for all persons who are identified in illustrations; likewise, the Comprehensive Index will also list illustrations of non-people subjects and places.)

The following symbols may accompany a *page number*:

- * Signifies the page number where the person's birth is listed within his or her parents' genealogical entry
- = Signifies the page number where is noticed a person's marriage into the main genealogy. The symbol is used only with the spouse who married an enumerated individual

For convenience, a "Quick Key" to typographical conventions used in the index will be found on the last page.

Examples and Explanations

Eck, Hazel Pearl (1924–2004) *Part I: 308A0-2, =406, **406-407**, 406A0, 406A–A1*

Hazel Pearl Eck (born 1924, died 2004) has no enumeration number because she married into one of the principal families of this genealogy. Information about her siblings and parents' families are included in collateral genealogies, which are not embraced by this Concise Index. The genealogical notice of her marriage is in Part I (Spamer Family), page 406 (as denoted by the = symbol, and upon reference to this page it will there be seen that she married William Jasper Spamer [who is enumerated individual No. 215 of the Spamer Family genealogy]). Informational comments about Hazel Eck Spamer appear on pages 406-407 (as denoted by the **bold** numbers). Photographs of her appear on the following pages in Part I: pages 308A0-2, 406A0, and pages 406A and 406A1.

[*Note:* Illustration pages were compiled at various times and inserted where appropriate in the text. Accordingly, sometimes a page was created that had to be inserted before one that already held the intended page number. For this reason, a hierarchical system of alphanumerical suffixes was contrived. The order, *A, B, C . . .*, of course is sensible; but the system also requires the modifiers of numerical suffixes to these letters, for sheets that are inserted between these letters or before *A*. Zero suffixes in the page numbers precede alphabetical characters; numbers other than zero follow after the letter. For example, a sequence of pages may be thus: 406A0, 406A, 406A1, 406B.]

Roberts, Emerson Bryan (1890– >1951) **II:326** *Part II: *305, **549-550***

Robert Emerson Bryan (born 1890, died after 1951) is No. 326 in Part II (Smith Family). His birth, as listed under his parents, is noted in Part II, page 305 (as denoted by the asterisk, *). His primary entry, which includes informational notes, is on pages 549-550 (as denoted by the **bold** numbers).

Smith, Elouise (1891–1979) **II:217** *Part I: 260C Part II: 100D, *168, 176B, 176E, 212A, **511**, 512A; also see in Additions and Corrections*

Elouise Smith (born 1891, died 1979) is No. 217 in Part II (Smith Family). Her birth, as listed under her parents, is noted in Part II, page 168 (as denoted by the asterisk, *). Her primary entry, which includes informational notes, is on page 511 (as denoted by the **bold** number); but in addition, some important emendations to her genealogical entry have been placed in the “Additions and Corrections” section that supplements Part II. Photographs of Elouise Smith Montgomery (as denoted by the page numbers in *italics*) appear in Part I (Spamer Family), page 260C; and in Part II (Smith Family), pages 100D, 176B, 176E, 212A, and 512A.

[When one turns to Part II, page 511, it will there be seen that Elouise Smith married Herbert Frank Montgomery, and from there all pertinent information about her and her descendants may be followed through the text. As Elouise's spouse, Herbert is included in this Concise Index; however, the remainder of the Montgomery Family, which is a collateral family to the Smith Family, is omitted from the index but will be included in the Comprehensive Index.]

Spamer, Hazel Pearl (Eck) *Part I: 406*

This cross-reference entry in *italics* lists Hazel Pearl Eck by her married name, Hazel Spamer. It indicates the page on which her marriage is noted (Part I, page 406), from which point in the genealogy all other information about her and her descendants may be followed.

Concise Index

to

Part I (Spamer Family of Baltimore) and

Part II (Smith Family of the Eastern Shore)

(limited to enumerated individuals of direct descendancy and their spouses)

For convenience, a “Quick Key” to typographical conventions used in the index will be found on the last page.

Quick Key

<i>Name in italics</i>	Signifies a woman's married name; the page number associated with the name is a cross-reference to the page on which that person is shown to have married or is the sole place that that person is mentioned in the genealogy
I:260 or II:351 <i>(for example)</i>	Signifies the individual's enumeration number within the indicated part number of the genealogy; the person is a direct descendant of the progenitor of that part of the family
<u>Part I:</u> or <u>Part II:</u>	Indicates the pertinent part of the Spamer–Smith genealogy: Part I (Spamer Family of Baltimore) or Part II (Smith Family of the Eastern Shore) of the genealogy
bold page number	Signifies a principal informational entry (<i>i.e.</i> , the “main entry”)
<i>italic</i> page number	Signifies an illustration

Symbols or Abbreviations

*	Signifies the page number where the person's birth is listed within his or her parents' genealogical entry
=	Signifies the page number where is noticed a person's marriage into the main genealogy. The symbol is used only with the spouse who married an enumerated individual
<i>ff</i>	Signifies “and pages that follow”
<	Signifies “before” (used with years)
>	Signifies “after” (used with years)
ca.	<i>circa</i> , or “about” (used with years)
